ADMINISTRATION

The State Treasurer is responsible for receiving and investing state moneys, posting receipts to the proper funds, and signing warrants drawn according to law. As custodian of those funds, the State Treasurer determines the amount of state moneys not needed for current operating expenses and invests those funds in interest-bearing time deposits in Missouri financial institutions or in short-term United States government obligations or other instruments as provided by Article IV, Section 15 of the Missouri Constitution. Safety and liquidity are the State Treasurer's priorities in the investment of the public's funds. The State Treasurer monitors capital markets and works to maximize the return on the state's \$3.6 billion portfolio without compromising safety, earning the state millions of dollars in interest income each year.

In 2009, State Treasurer Zweifel worked with various groups, including small businesses, farms and community lenders to pass his job creation package, *INVEST IN MISSOURI*. The *INVEST IN MISSOURI* legislation enacted statutory changes regarding time deposits, with the most significant change allowing the state to receive a market rate on time deposits for the first time in 50 years. This change is earning taxpayers increased returns that will continue to grow as this law is fully implemented. *INVEST IN MISSOURI* also made major changes to the Missouri Linked Deposit Program, including expanding eligibility criteria for the farm operations and small business programs, creating new programs for local governments and alternative energy consumers and incorporating other modifications to create jobs and reinvest in Missouri communities. Under the Missouri Linked Deposit Program, the State Treasurer places deposits in Missouri financial institutions at a discount of up to 60 percent on the normal market interest rate. In turn, the financial institutions pass on the interest-rate savings by making loans to qualified borrowers at interest rates no more than 70 percent of market. Qualified borrower categories include agriculture, job creation, small business, alternative energy, local governments or other authorized categories.

The State Treasurer is also responsible for all state banking services, for authorizing all state payments and for reconciling those accounts. The State Treasurer establishes bank accounts for the collection of state moneys and for the receipt of all electronic payments. To protect taxpayers' money, the State Treasurer maintains a separate accounting system to provide a check and balance on the Office of Administration accounting system, and distributes investment earnings to the proper funds.

Additionally, the State Treasurer administers the state's unclaimed property law by collecting unclaimed or abandoned property – often money – belonging to Missouri citizens and trying to locate the owners. The Treasurer is committed to returning as much property as possible and continues to break records in both the dollar amount of property and accounts returned.

ISSUING DUPLICATE AND OUTLAWED CHECKS

The State Treasurer is charged with replacing state-issued checks in the event they are not presented for payment within the legally required 12-month time frame.

ABANDONED FUND ACCOUNT

In accordance with Section 447.543, RSMo, the abandoned fund account receives funds that have remained unclaimed for a period of five years and makes the payment of valid claims. Any time the fund exceeds 1/12 of the previous fiscal year's disbursements, the State Treasurer may, and at least once every year shall, transfer the excess to general revenue. If verified claims for payment should reduce the balance in the account to less than 1/12 of the previous fiscal years disbursements, the State Treasurer shall transfer from general revenue an amount sufficient to restore the fund to 1/12 of the previous fiscal year's disbursements.

LINKED DEPOSIT REFUNDS

The Missouri Linked Deposit Program encourages economic growth and development in Missouri. It enables the state to provide reduced-rate deposits to financial institutions, which in turn make low-interest loans to eligible borrowers, as specified in Section 30.750, RSMo. The State Treasurer places a linked deposit with an eligible lending institution at up to three percent below market rate, provided that institution agrees to lend the value of the deposit to qualified borrowers at below the current borrowing rate. If the lending institution does not loan the full amount of the deposit, the institution must pay the state the additional amount, up to three percent discounted by the agreement. If a subsequent audit or review uncovers an overpayment error in the calculation of additional interest due, a refund must be made to the lending institution.

TIME DEPOSITS

INVEST IN MISSOURI phases out, over five years, the statutory interest rate cap that ties state time deposits to the return of short-term U.S. Treasury securities. Removing the restrictive cap will allow the state to receive a yield closer to the rates offered by banks to individuals, businesses or any other government entity in Missouri. This has resulted in additional investment returns to taxpayers that will continue to increase as the cap is fully phased out by law. The phase-out began January 1, 2010, and will be fully implemented January 1, 2014.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriation amount for the Fiscal Year 14 pay plan was based on the pay increase beginning in January, 2014 for the final twelve pay periods of the fiscal year. This requested amount is equivalent to the remaining twelve pay periods in order to provide the core funding necessary for a full fiscal year.

2. CORE DESCRIPTION

In order for the Office of the Missouri State Treasurer (STO) to fulfill its advertising requirements (RSMo. 447) regarding unclaimed property, the STO must mail notices, advertise in newspapers and utilize outreach programs (i.e. radio, television, internet web site, booths at public events and other proactive owner locations) in an attempt to locate rightful owners of unclaimed or abandoned funds held by the STO. These funds will also be used for ongoing communications with owners as they go through the claims process and other claims related expenses. The STO also must make all preparations to conduct an auction of items received that need to be liquidated. This includes an auctioneer, locating a place to hold the auction, cataloging the items to be sold and advertisement for the auction.

2. CORE DESCRIPTION

State checks are valid for twelve months from date of issuance. The State Treasurer's Office (STO) will replace stale dated, lost or destroyed checks if a notarized statement or the check is presented.

Due to the uncertainty of the number and dollar amount of outlawed or duplicate check requests that may be presented in any given year, the STO is requesting an open-ended appropriation for issuing duplicate and outlawed checks.

2. CORE DESCRIPTION

In the event an audit indicates that an interest refund is due to a depository regarding a linked deposit, adequate funding must be available to make the refund. Section 30.758.5 provides that "...the state shall receive market interest rates on any linked deposit or any portion thereof for any period of time for which there is no corresponding linked deposit loan outstanding to an eligible..." borrower. When a financial institution miscalculates and overpays the amount of market interest owed to the STO, the STO must have a mechanism to refund the overpayment.

The State Treasurer's Office received an overpayment of interest that exceeds the current appropriation level of \$100. The current amount of refunds due total \$530.05, and without an increase in this appropriation, the STO has no ability to refund the overpayment. Section 30.758.5 provides that "...the state shall receive market interest rates on any linked deposit or any portion thereof for any period of time for which there is no corresponding linked deposit loan outstanding to an eligible..." borrower. When a financial institution miscalculates and overpays the amount of market interest owed to the STO, the STO must have a mechanism to refund the overpayment.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The funding level requested is an estimate based on the refund amounts from the last five fiscal years and this current overpayment.

2. CORE DESCRIPTION

This request is for funding the biennial transfer of excess balances in various funds to the General Revenue Fund. Pursuant to Section 33.080, RSMo, at the close of each odd-numbered fiscal year, the Office of the Missouri State Treasurer (STO) shall calculate the unexpended or available balance in each eligible fund and transfer it to the General Revenue Fund. The STO has no estimate of the amount to be transferred as fund balances may fluctuate considerably and statutory limits vary by fund. There was no transfer in FY2013. The transfer for FY2012-FY2013 will be made in FY2014.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Office of the Missouri State Treasurer is obligated to issue a check to the rightful owner of unclaimed property in accordance with Missouri Statutes. The purpose of the appropriation is to transfer excess balances from the Abandoned Fund to General Revenue. The addition of an E to this appropriation allows the State Treasurer's Office the ability to make additional transfers to GR above the appropriated amounts. This allows financial flexibility for the State and provides additional transfer options for the STO.

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? How many positions do the requested FTE equal and for how many months do you need the supplemental funding? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)

Receipts into the Abandoned Fund have increased over the last several fiscal years and occasional spikes in receipts are often unpredictable.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The State Treasurer's Office received an overpayment of interest that exceeds the current appropriation level of \$100. The current amount of refunds due total \$530.05, and without an increase in this appropriation, the STO has no ability to refund the overpayment. Section 30.758.5 provides that "...the state shall receive market interest rates on any linked deposit or any portion thereof for any period of time for which there is no corresponding linked deposit loan outstanding to an eligible..." borrower. When a financial institution miscalculates and overpays the amount of market interest owed to the STO, the STO must have a mechanism to refund the overpayment.

The funding level requested is an estimate based on the refund amounts from the last five fiscal years and this current overpayment.
